Notification of Media

Mr. Judge received verification that the media had been notified regarding the Kentucky Agricultural Development Board (KADB) monthly meeting and media is present.

Welcome

Mr. Judge welcomed everyone to the Kentucky Agricultural Development Board meeting.

Approval of Minutes

Mr. Sam Moore moved to approve the minutes of the January 18, 2008 meeting with the correction of the total amount on the Amendment for A2007-0365. The correct total amount should be \$52,053 not \$50,053. Mr. John Cleaver seconded the motion. The motion passed without dissent.

Executive Director's Report

Roger Thomas welcomed all who attended. Mr. Thomas introduced Jennifer Marsh, General Counsel; noted that Cyndi Hall is now Executive Assistant; and announced that Bret Hopkins has been working with Kylee Smith in Compliance. It was noted that both Governor Beshear and Commissioner Farmer were unable to come due to other responsibilities.

Mr. Thomas gave a brief update on legislative activities and reported on the February Tobacco Settlement Agreement Fund Oversight Committee meeting. The Kentucky Agricultural Resource Development Authority (KARDA) board met on January 31, 2008 to consider changes to KARDA statutes. One change reduces the size of the Board from 27 members to 21. The Board considered the future of the KARDA Board and felt that the KARDA Board could be an asset to the agriculture community. The possibility of working in concert with the Kentucky Agricultural Council (KAC) was also considered. Another change for KARDA is that it will meet annually or at the discretion of the Governor.

Last week Mr. Thomas met with Ellen Hesen, Governor Beshear's General Council, and members of the General Attorneys office on the Master Settlement Act (MSA). There may be some resolution to the Diligent Enforcement issue. If it turns out that some states are found to be not diligently enforcing the model statutes, the goal would be that the 46 states jointly would share the loss in revenue. Other issues are how to deal with the years 2003 to 2007, what the process is for going forward.

Sam Moore gave an update on the KAC that met on February 14, 2008. KAC represents every agriculture group in Kentucky, with over 50 entities participating. Mr. Moore presented the Task Force on the Future of Agriculture's Strategic Plan (on file with the Board Secretary) developed by KAC.

Mr. Thomas called on Tim Hughes to give an update on legislative activities. Mr. Hughes also made note of the Kentucky Rural Energy Consortium (KREC) Kentucky 25 x '25 Roadmap Legislative Initiative (on file with the Board Secretary).

Michael Judge gave updates on Kentucky Department of Agriculture (KDA) activities. KDA was invited by the chairman of the Economic Development committee to discuss Kentucky Proud, which was well received. Commissioner Farmer is adamant that KDA cannot absorb the 12% budget cut that KDA has been asked to do while fulfilling its regulatory requirements. Mr. Judge has announced his resignation effective March 1, 2008. Mr. Thomas recognized his valuable role on the KADB. Dennis Griffin refused his resignation because he is too valuable and has played a very important part on both sides of the issues. The Board gave him a standing round of applause.

Mr. Thomas brought to the table House Bill 87, the drought relief measure. Mr. Thomas has met with many to find a resolution to issues that are a direct result of the 2007 drought. A state-wide effort would be appropriate in addressing the drought as opposed to individual county-run programs. This effort would include water retention reservoirs,

irrigation systems where farmers across Kentucky would be prepared to deal with drought. Commissioner Farmer has been vocal about developing a water reservoir program. KADB, KDA, Division of Conservation, and others could put something together in a timely manner that could address this issue as early as this spring. Dean Scott Smith noted that we were headed more toward long term infrastructure renovations. **Mr. Dick made a motion to pass a resolution and form a committee including KADB, KDA and Soil Conservation and other entities to bring a recommendation for for long term drought relief. Mr. Cleaver seconded the motion.** Steve Coleman and Kevin Jeffries answered questions concerning the cost-share programs already in place through the Division of Conservation.

Mr. Rogers stated that the Kentucky Agricultural Development Fund (KADF) should be receiving an additional \$11.7 million from an underpayment from the MSA in 2007. This money should be coming at the same time as the 2008 money. That money would be divided 65% State, 35% County. Using the \$11.7 million for the drought effort would combine both State money and County money, it would require legislation.

Dr. Sias amended the motion to authorize up to \$11.7 million to be devoted to this effort (with 65% in State funds and 35% in County funds), and to appoint an Executive Committee, which has authorization to act prior to the March meeting. Mr. Mahan seconded the amendment. It is agreed that the Board will be notified prior to any action. The amendment passed without dissent. The motion as amended passed without dissent.

Old Business

Mr. Thomas asked Berea Ernst, Grasshopper Distribution, Inc. (A2007-0151), to present the new business plan. The status of project: the staff recommendation in November was not to fund, status now is pending and is eligible for vote. **Mr. Moore moved that A2007-0151 be approved for \$126,480 in State Funds and \$56,500 in County Funds. Dean Smith seconded the motion. Mr. Mattingly amended the motion to add benchmarks as presented and the funding would be dependent on the reaffirmation of the support of the County Councils that approved funding contingent on State money within 30 to 60 days. Mr. Dick seconded the amendment. The amendment passed without dissent. The motion as amended passed without dissent.**

Sam Lawson was presented a plaque by Sam Moore and Wayne Hunt. His outstanding service and commitment as a founding member was noted.

The meeting adjourned for lunch at 12:05 p.m.

The meeting reconvened at 1:10 p.m.

Mr. Thomas called on Bill McCloskey with Kentucky Agriculture Finance Corporation (KAFC) to give a financial report (on file with the Board Secretary). Mr. McCloskey stated that KAFC did approve to increase loan limits from \$100,000 to \$250,000 for Agriculture

Infrastructure and Beginning Farmer and increase term limits for the Beginning Farmer Program from 10 years to 15 years.

A Memorandum from Joel Neaveill regarding a proposal to amend the University of Kentucky (UK) Impact Study was presented to the Board. Dean Smith noted the changes: An assessment of the overall performance of KAFC and an evaluation of County Model Programs. With the addition of these two components there is a need to extend the timeline by three (3) months and additional funding of \$74,760. **Mr. Cleaver moved to accept proposal and provide additional funding. Mr. Dick seconded the motion. The motion passed without dissent.**

Angela Blank presented a Memorandum recommending the removal of deadline dates of March 1, 2008 and September 1, 2008 for the Farmers' Market Awards Programs and Agri-tourism Marketing and Promotion Programs respectively. **Mr. Mahan moved to remove deadline. Mr. Mattingly seconded the motion. The motion passed without dissent.**

Mr. Judge moved to go into closed session pursuant to KRS 61.810 at 1:30pm. Dean Smith seconded the motion. Joel Neaveill, Tim Hughes and Jennifer Marsh were asked to remain. **Dr. Sias moved to reconvene the meeting. Dean Smith seconded the motion. The meeting reconvened.**

New Business

Referral of January Projects¹

Mr. Thomas presented projects A2008-0005 to A2008-0029 for referral to the Board's March 14, 2008 meeting for review. Christi Marksbury informed the board that application A2008-0035 The Kentucky Center for Agriculture and Rural Development, Inc. was included in the referral packet for this month because they have a USDA value added grant with a deadline of March 31, 2008. They are using our money as match, so the applicant would like for us to consider their request at the March meeting. **Mr. Moore moved that projects A2008-0005 to A2008-0029 be Referred for March 14, 2008 review. Jim Mahan seconded the motion. The motion passed without dissent.**

Approval of Model Programs²

Mr. Thomas submitted projects requesting funds for County Model Programs. **Mr. Moore moved the said applications be approved for the named Model Programs. Wayne Hunt seconded the motion. The motion passed without dissent.**
